

Sturt Road, Marion Streetscape Community Engagement August 2020

COMMUNITY CONSULTATION

The City of Marion's road network affects all residents, businesses, visitors and those who drive through the Council area to reach other destinations. Therefore, the design of our streets can have a reaching impact through providing amenity, economic development and improved community health and safety.

Consequently, Council has developed a Streetscape Policy and Walking and Cycling Strategy to revitalise its street network.

Sturt Road has been identified as one of the streets Council will be improving and accordingly a plan has been developed for your consideration.

We want your feedback

Please take a few minutes to provide us with your feedback by visiting our website at www.makingmarion.com.au/sturt-road-streetscape

Here you will be able to view the designs and complete a short survey. Your feedback will be collated and utilised to finalise the Sturt Road Streetscape plan.

Consultation will close on the **30th September 2020**.

The main features of the design include:

- Provide a high quality, robust and distinctive streetscape design;
- Reconstruct existing footpath on the northern and southern side of Sturt Road;
- Opportunities for street artwork to lift the visual aspects of the road corridor;
- Landscaping, including Water Sensitive Urban Design along the road;
- Enhance the entrance into the City of Marion.
